INTERESTS

Gaming is something I have always had an avid interest in, and I know I'll never stop keeping myself updated on industry news and the newest, trending games. During my placement year, I developed a text adventure game in my free time.

During my time at University, I was part of both the Portsmouth Gaming and Esports Society, where I represented Portsmouth University in various Overwatch teams for NUEL and NSE.

I also thoroughly enjoy **Pilates**, and attend classes on a weekly basis.
